Ph.D. in Executive Leadership & Ministry:

This doctoral program is meticulously crafted to develop visionary leaders who can navigate the complexities of contemporary marketplace dynamics underpinned by Kingdom of Yahweh's values. It offers a rigorous exploration of how biblical wisdom can inform and enhance executive decision-making and organizational leadership. Graduates will be adept at fostering cultures of innovation and integrity, driving transformative change in various sectors by embodying and promoting Kingdom principles.

Ph.D. in Philanthropy:

This program is aimed at shaping individuals who aspire to redefine the landscape of philanthropy through the lens of Kingdom economics. Kingdom Philanthropy goes beyond traditional philanthropic models to instill a strategic approach towards resource stewardship, guided by a deep understanding of biblical stewardship principles. Participants will become proficient in devising and implementing philanthropic strategies that not only extend Yahweh's generosity but also catalyze sustainable impact, championing the cause of Kingdom advancement across global communities.

Ph.D. in Biblical Studies:

This comprehensive program offers an in-depth exploration of the Scriptures, with an emphasis on applying biblical truths to contemporary challenges in society and the marketplace. Students will gain a deeper understanding of the Bible's teachings, learning to apply them in a way that fosters Kingdom culture and impacts the world.

Ph.D. in Theology

This advanced degree provides a thorough examination of theological concepts, doctrines, and the historical development of Christian thought, all within the framework of Kingdom culture. Students will engage with critical theological issues, enhancing their ability to contribute to scholarly discussions and apply theological insights in ministry and marketplace contexts.

Ph.D. in Biblical Economy

This unique program addresses the principles of the Kingdom's economy, exploring how biblical economic principles can be applied to achieve sustainable development, financial freedom, and economic justice in today's world. Students will study the economic models presented in Scripture and learn to implement them in ways that promote the well-being of communities and honor the culture of the Kingdom of Yahweh.
